CENTRAL KENTUCKY MERCHANTS COMING ON BOOSTER TRIP

Arrangements Being Made to Take for at Least 100 Visiting Merchants the First of Next Week in Mayville.

Secretary George Kirk is today making arrangements to entertain in Mayville on next Monday at least 100 visiting Central Kentucky business men who are on an automobile tour through the Bluegrass section of the state to cultivate a closer co-operation between all merchants in Kentucky. The party will arrive in Mayville late Monday afternoon and spend the evening in this city leaving Tuesday morning for other points.

Eighty-six already have signed up for the junket and at least 100 are expected to be signed up by Monday. Winchester, Mt. Sterling, Sharpshurg, Flemingsburg, Mayville, Carlisle, Millersburg, Paris, Cincinnati and Georgetown will be visited.

The pathfinders will go over the route, inspect the roads, make up a time table and arrange for meals.

The slogan of the trip will be "Good Roads, Good Kentuckianism and Good Fellowship."

Some of the features carried by the "boosters" are a speakers' bureau, a band of music, community singing and special entertainment "stunts." There will be no trade solicitation and advertising vehicles are barred. The entire party will travel in touring cars, labeled with uniform signs bearing Central Kentucky.

Citizens in each community visited during the two-day trip will be invited to join the party and help promote Central Kentucky development. This will be the theme of all speeches and songs unlimbered on the trip.

This is the second trip of the kind launched by the Lexington commercial organization. Communities south of Lexington were visited last week.

NINE GRADUATES TO RECEIVE DIPLOMAS AT MINERVA HIGH

Hon. Joseph Severance, of Louisville, Will Make Commencement Address at Minerva High School on Friday Evening.

The Minerva High School will hold its annual Commencement exercises Friday evening, beginning at 8 o'clock. In the old Baptist church, at Minerva. At that time the annual commencement address will be delivered and nine young people, the largest class in several years, will receive diplomas of graduation from high school.

The Minerva High School Orchestra during the evening will make its initial bow to the public, it being scheduled on the program for one or two numbers.

The Minerva school authorities never spare time, pains or money in securing a speaker of the highest ability for this occasion. Those who attend the Minerva commencement Friday evening will have the opportunity to listen to one of the most affluent and one of the most entertaining speakers that ever graced a commencement platform in Mason county.

The speaker of the evening will be Mr. Joe Severance, of Louisville, who has been engaged for this summer by the Redpath Chautauqua for work on its Eastern circuit. Mr. Severance has had a broad experience in lecture work, having addressed audiences large and small in nearly every state in the Union. He is at his best in impersonative story-telling, and he never fails to make a point with his story.

Mr. Severance was heard at Minerva this winter while engaged in some special campaign work under the auspices of the State Young Men's Christian Association, and those who were so fortunate as to hear his address impromptu the school authorities to secure his services as commencement speaker, if possible. Fortunately, Mr. Severance consented to come to Minerva for the address Friday evening.

Mrs. Chas. G. Steen, of Augusta, one of the best violinists in the state, has been secured for a violin solo, which, of itself, will be well worth the attendance of the public.

The graduates, all of whom have been consistently good students, and who deserve the highest honors that can be paid high school graduates, are: Miss Telle Frances Weaver, daughter of Mr. and Mrs. Frazee Weaver, of Minerva; Miss Jeanette Fox, daughter of Mr. and Mrs. L. T. Fox, of Dover; Miss Hazel Clift, daughter of Mr. and Mrs. Harlan Clift, of Augusta; Miss Julia Lunsford, daughter of Mr. and Mrs. Frank Lunsford, of Dover; Mr. Charles Fox, son of Mr. and Mrs. Arthur Fox, of Dover; Mr. Franklin Fulton, son of Mr. and Mrs. George Fulton, of Dover; Mr. Eliza Lee Boyd, son of Mr. and Mrs. Albert Boyd, of Dover; Mr. Loren B. Pitts, grandson of Mr. and Mrs. William Pitts, of Augusta; Mr. John Henry Adams, son of Mr. John A. Adams, of Mayville.

NEW MACHINERY FOR COMPLETE MACHINE SHOP.
Messrs. Finch and Knapp, who recently patented a "fool proof" farm lighting plant, are today receiving a large shipment of new machinery. In the shipment are lathes, planes, drill presses, metal saws, etc. The installation of this new machinery will enable the new concern to manufacture complete lighting plants every two days. The plant will be the most complete machine shop Mayville has ever had. The new patented light plant will be named by the owners of the patent in a short time.

The city board of equalization is in session every day but they are moving rather slowly because of the complete equalization they are undertaking and today were still considering property in the third ward. Some of the increases made by this board as said to be very large reaching into the thousands of dollars.

INFIRMARY SITE CONSIDERED FOR COUNTRY CLUB LOCATION

Site of the Present County Infirmary May Be Purchased by Mayville Country Club.

It is understood that the members of the Mayville Country Club are now seriously considering purchasing from the county that part of the county poor farm upon which the infirmary buildings are now located together with the large field which has been recently used as a circus grounds for the location of the Country Club.

The committee of nine authorized by the club to make the necessary preliminary arrangements is now making thorough investigations into the matter and it is understood that they are very much pleased with the prospects of the location. The building now used as the Superintendent's home could be made into an attractive club house while some of the cottages now used for the inmates could be repaired and made into cottages for rent to members of the club who might desire to spend a few days there during the summer. The grounds, it is understood, are proper for golf links, tennis courts, etc., while there is a good fishing shore at the front of the property.

Should the Country Club purchase this part of the County Poor Farm, it is understood that the Commissioners would move the infirmary into the large field facing the Mt. Carmel pike east of the infirmary lane and that a new building would be erected large enough to properly house all inmates under one roof.

FORMER FLEMING MAN TOOK HIS OWN LIFE.

It became known here today that Charles Lloyd, whose body was taken through here Tuesday from Indianapolis en route to Flemingsburg for burial, committed suicide at his home in Indianapolis Sunday on account of continued ill health. Mr. Lloyd was well known in Mayville and Mason county. He was long connected with the produce business in Flemingsburg.

PIKEVILLE COLLEGE DIRECTORS MEETING.

Dr. John Barboor, pastor of the Presbyterian church, left this morning for Pikeville, Ky., to attend a meeting of the Board of Directors of that college of which he is a member. This is one of the strongest colleges in the Kentucky mountains and is doing a great work among the young mountaineers.

RESIDENCE DESTROYED BY FIRE IN FLEMING.

Tuesday afternoon the farm house belonging to Mrs. Hattie Wallingford and occupied by Dave Hopkins, burned near Crains, in Fleming county, loss about \$2,500, insurance \$750 in the Fleming County Mutual. Most of Mr. Hopkins' household goods were saved. The fire is supposed to have started from the flue.

Mr. and Mrs. Abner Cooper, of Amelia, Ohio, returned to their home today after a very pleasant visit with R. L. Cooper and family, of East Second street.

FARMERS FORM BIG CORPORATION FOR HANDLING BUSINESS

Mason and Lewis County Farmers Lease Farm Property and Organize Corporation With Wide Powers in Their Charter.

Contracts were signed this afternoon by Messrs. John R. Downing, T. A. Tuggle and R. E. Nowell with Mrs. Amelia A. Carr and Mr. R. A. Carr whereby the first named gentlemen representing a corporation now in the process of formation, leased from Mrs. Carr and her son their business property in East Fourth street except that Mr. Carr reserves the Mayville Flour Mills but retires from the retail business entirely, the new company taking over the retail flour, feed and coal business he now enjoys.

These three gentlemen are the incorporators of a new company whose charter has been drawn and which will be filed soon. The new corporation has grown out of the Mason County Farm Bureau and will be known as The Mason-Lewis Company. It will be incorporated with a capital stock of \$25,000, and this capital will be divided into 250 shares of \$100 each. The stock will be offered for sale only to members of either the Mason or the Lewis County Farm Bureaus. The highest amount of indebtedness the company may at any one time incur is placed at \$25,000 and the officers will be elected at a meeting soon to be held.

The charter which the company will seek of the Secretary of State gives them unusually wide powers. Under it they will be authorized to manufacture buy and sell and generally deal in coal, oil, salt, grain of all kinds and other kinds of produce and the products thereof and to engage in the publishing of newspapers, magazines and other periodicals and in connection therewith to carry on the business of printers, bookbinders, stationers, etc., and any other such business as may be convenient or necessary.

This new corporation at present plans to deal in lime, coal, feeds, seeds, cement, etc., and Mr. R. E. Nowell, one of the incorporators, will probably be the manager. The corporation takes over the selling and buying end of the farmers which has been handled recently direct through the Farm Bureau and will therefore give that organization and the County Agent greater time to spend in educational work in the county.

GENERAL RETAIL PRICE CUTTING HAS BEGUN

Clothing and Food Stuffs in Various Parts of the Country Show Decided Decline.

Chicago, May 19.—A spontaneous slashing of retail prices is under way in nearly all principal cities of the country. The movement is noticeable in virtually every line of mercantile business, though it is particularly marked in the clothing and dry goods lines. Twenty-five per cent. is the average reduction, although in some instances it runs as high as 50 per cent.

Suits of men's clothing which a month ago were selling for \$65 and \$75 are now procurable in many leading stores for \$10 and \$50. Values of silk goods also have shrunk.

Food prices generally are lower today than in weeks. In Chicago meat on the hoof is considerably lower and there has been a general decline in prices for all classes of grain. Wheat is selling from 2 to 4 cents lower, and rye is off from 5 to 7 cents. The decline in grain prices is not yet noticeable in the flour and bread trade, but dealers declare that lower prices in these commodities are certain to come within a week. The price slashing is accompanied by heavy newspaper advertising campaigns.

MURDERER ENDS HIS OWN LIFE AT HIS WIFE'S GRAVE

Having Been in Hiding Beasley Slips To Grave of Wife He Had Slain and Takes His Own Life.

Greenville, Ill., May 18.—Harley O. Beasley, murderer of his wife and two children, today wrote the last chapter in his career of crime.

A week ago last Sunday night, at the home of his friends near Webster City, Iowa, after an attempt to effect a reconciliation had failed, Beasley shot his two little sons and then shot his wife to death. He escaped in an automobile.

Standing beside the grave of his wife and two children in Bethlehem Cemetery, about eight miles north of Mulberry Grove, Ill., today Beasley, with his brother, Delmar, at his side, shot and killed himself.

Harley Beasley's reputation as an expert shot, which has been a byword of the community, prevented two farmers, who were working near the cemetery and who saw him enter the place with his brother, making an effort to capture him. The farmers, J. C. Chacker and W. R. Merman, said they recognized the slayer, despite his unkempt appearance.

Neither, however, was willing to risk the chance of a bullet from Beasley.

Delmar Beasley had been with his brother since the murder of Mrs. Beasley and her sons. He told officers they had been hiding in woods near Mulberry Grove. Greenville authorities said no charge would be brought against Delmar.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns. In chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed.

Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious undertaking of collecting "a mile of pennies" for war relief. COFFEE!

BELLE OF MAYSVILLE

It is like the dew of Hebron; it has the sweetness of Nectar, the sparkle of champagne, the aroma of a thousand flowers.

For a cup of it Nero would have burned a thousand Romes, Caesar remitted the taxes of all the Jews and Napoleon turned peacemaker.

The only difference in this wonderful Coffee and the goods we sold years ago, it hasn't the kink.

Prices are right. A trial order will convince and will be appreciated.

LIQUOR SEIZED.

Columbus, O., May 18.—Release of 1,000 cases of whisky, said to be worth \$125,000, and seized at Delaware, near here, yesterday, was forecast early today by dispatches from Frankfort, Ky., stating that the liquor had been purchased in that city and that all Federal regulations were complied with. The liquor was held up yesterday by officers and brought here pending examination of permits in the hands of drivers of seven motor trucks, on which the whisky was being moved. The whisky is being shipped overland from Frankfort to Summit Hill, Pa., by a Covington (Ky.) transfer company. The liquor was guarded by eighteen armed men, who rode in automobiles beside the trucks when the seizure was made.

They used to call a man a "sport" when he bought an automobile

THAT was before the days when pretty nearly everybody owned one—or could, if he wanted to.

There was a lot of waste about motoring in those days. A man spent a lot of money on his car and never thought very much about *what he was getting* in return.

II

When a man buys a tire nowadays he has a *pretty definite idea* of what he expects to get out of it.

The dealer who sells him one that gives him *less* than he expects isn't likely to get any more of his business.

That's one of the reasons why we handle U. S. Tires—and *recommend them* to the

motorists of this community.

III

The U. S. reputation for quality is *not* built on *any* one tire.

There is not *one standard* for large U. S. Tires and *another standard* for small ones.

Every tire that bears the name "U. S." is built the *best way* its makers know how to build it. The *oldest* and *largest* rubber concern in the world *cannot afford* to play favorites in seeking its public.

IV

Come in and tell us what you are looking for in tires.

We can probably tell you whether you need a U. S. Nobby, Chain, Usco, Plain, or a Royal Cord.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

At the Alumni meeting last night at the High School very little business of importance was transacted. The Alumni challenged the High School to a baseball game to be played on May 31st, and it was accepted.

BURLEY OUTLOOK IS GOOD, SAYS CANTRILL

Congressman Commenting on Government Report Says Good Prices Are Indicated.

Washington, May 19.—That the report of the Census Bureau on the amount of tobacco in the hands of the dealers and manufacturers, made public Tuesday by the Department of Commerce under the provisions of the Cantrill Act, is, "in the main, encouraging to the growers of tobacco," was stated here Tuesday by Congressman J. Campbell Cantrill. Continuing, Mr. Cantrill said:

"The report shows that of all types of tobacco in the United States, there are today 37,000,000 pounds less in the hands of manufacturers than there was a year ago, and, almost without exception, the stocks of every different type of tobacco are reduced below what they were a year ago. With special reference to the Burley type of tobacco there are 5,000,000 pounds less in the hands of the dealers and manufacturers than there was April 1, 1919, and, so far as this particular type is concerned there is every reason for encouragement for a good price this coming season.

"It is true that of some types of tobacco, especially in Western Kentucky, the stocks of last year's crop are mainly in the hands of farmers, owing to the failure of foreign countries to buy their tobacco. Most of this type of tobacco is exported to Europe, and European countries are in such dire financial straits that they have been unable to buy a good portion of the Western Kentucky tobacco.

WARRANT TO BE ISSUED FOR DRIVER.

While the police department does not have the name of the driver of the automobile which struck Mr. J. D. A warrant will be issued as soon as the name is obtained.
